interior comfort maximised

Optimise your passengers' space and comfort with our range of accessories. The high-comfort cushions on the rear headrest add a designer touch while offering support and enhancing well-being.

high-comfort cushions on headrests

Designed with rear passengers in mind, the armrest offers additional closed storage. And it turns into a backpack for carrying the family's essentials.

moveable rear armrest, storage compartment and backpack all in one

Attached to the back of the front seat, the multifunction organiser has six compartments of different sizes to easily fit various objects and has a dedicated space for a digital tablet.

multifunction organiser on front seat

This two-part cover protects the back of the front seat and the part of the rear bench seat under the child seat from dirt and marks.

rear car seat covers

organised travel

The clever and innovative centre console organiser is adjustable with freely positionable pins to keep everything you need at your fingertips.

modular centre console organiser

During the journey, take off your jacket and put it on the hanger attached to the back of your seat. It can also be removed and replaced by a bag hook or an aeroplane-style folding tray, perfect for a book, smartphone or bottle.

cables and storage

Double floor, double advantage: without eating into the original storage volume, the boot floor is raised; accessibility is easier and the compartments allow for optimised storage.

false floor for cable storage

Take advantage of the flexicharger cable that can be used on a reinforced domestic socket (2 hours for 50 km), and/or occasionally the domestic cable for standard sockets (3 hours 20 minutes for 50 km). On long journeys, opt for the type 2 Wallbox charging cable, which can be used at public charging stations and on domestic chargers.

cable for domestic socket, flexicharger cable and Wallbox cable

Take out and stow your charging cables effortlessly with this discreet and practical cable holder handle. The wrist strap allows you to hang the cable during charging, for example.

protection range

The vehicle's interior is protected from wear and dirt thanks to the range of personalised and made-to-measure mats. Non-slip and waterproof, the easyflex modular boot protection covers the entire surface of the boot for transporting dirty objects. When unfolded, it adapts to the different positions of the rear bench seat.

easyflex modular boot protection

Protect your boot liner with this premium mat and load luggage or goods with complete peace of mind.

premium boot mat

Ensure the best possible protection for your passenger compartment with ultra-sturdy textile mats or waterproof rubber mats with raised edges.

comfort textile mats

rubber mats

The Renault mudguards protect the underbody and wheels from water, mud splatter and flying gravel.

transport without compromise

Exercise with the family or a day out exploring, easily and safely transport a bike on the roof.

roof-mounted bike rack bars

The roof bars can accommodate a bike rack, ski rack or roof locker. Compatible with the panoramic roof, they are easy to install without tools.

480-litre Renault roof locker on roof bars

towbar selection

Equipped with a towbar, Renault Scenic E-Tech 100% electric can tow up to 1.1 t and easily transport a bike rack (75 kg of vertical load).

tool-free removable towbar pack and 2-bike rack on towbar

The tool-free removable towbar is very easy to use and preserves your vehicle’s aesthetic: once the ball has been removed, the towbar is almost invisible.

optimised safety

The locking wheel nuts will ensure your peace of mind by deterring attempts to steal your rims or wheels.

locking wheel nuts for alloy wheel rims

Your journey history is saved thanks to the dashcam and can be used as evidence if necessary.

dashcam

Set your mind at rest by fitting your vehicle with an alarm that detects any attempts to open, break in to or move it.

alarm
